

Sern Kou: High-Quality Products with Zero-Reject Production Rates

Sern Kou is proud to be known worldwide for providing best quality

*Stylish &
Conscious Home*
Ellen Poppins Living Set

Sern Kou Furniture Industries is one of the leading export furniture manufacturers in Malaysia, specialising in manufacturing dining and living furniture series. Committed to deliver the highest product quality standard, every production must go through a strict process of quality control and quality assurance in each department. Quality is the company's main priority and they achieve zero-reject production rates. With such expertise, Sern Kou is proud to be known worldwide for providing best quality to their customers.

Minimalist, rustic wood piece, classic and functionality are the essence of Sern Kou product designs. The main element of each furniture piece is solid rubberwood and incorporate with other materials such as MDF and mixed leather.
