The Official Show News of the Malaysian International Furniture Fair

Three Decades of Furniture Excellence

Welcome back to the Malaysian International Furniture Fair (MIFF) as we celebrate the 30th Anniversary of Southeast Asia's largest furniture trade show!

Once again, MIFF is excited to play host to exhibitors and buyers from around the globe, as this milestone edition takes place over four days (March 1-4) at two venues - Malaysia International Trade & Exhibition Centre (MITEC) and World Trade Centre Kuala Lumpur (WTCKL).

The momentum for visitor and business growth has never been stronger. MIFF 2023 has posted a record 19% jump in sales orders to US\$1.21 billion and 673 exhibitors. The fair drew close to 20,000 attendees including 26% international participation from 136 countries and regions.

We are confident that MIFF 2024 will be another resounding success. There are 17 halls spanning 100,000 sqm to showcase 700 exhibitors from Malaysia, Cambodia, China, Hong Kong, India, Indonesia, Japan,

Singapore, South Korea, Taiwan, Thailand, Türkiye, Vietnam, United Arab Emirates and United States with a diverse range of products and innovative designs that cater to industry demands.

This year, participants can experience the introduction of a brand-new MIFF Furniverse App, an essential tool to personalise your journey in meeting suppliers and source from thousands of products across the two venues. The all-in-one app provides detailed information on exhibitors' product offerings, booth locations, special events and many more.

Of course, one of the event highlights will be the International Buyers' Night on Saturday evening at the Grand Ballroom of MITEC. Also, don't miss the xOrdinary showcase in Hall 1 & Hall 5 Foyer of MITEC that celebrates a collective of Malaysia's most acclaimed up-and-coming independent designers & artists, themed

"Bringing Design into Dialogue". In conjunction with our anniversary celebration, the theme of the MIFF Furniture Design Competition is "Chair-Volution: Celebrating 30 Years of Innovation and Design". We look forward to witness participants create their statement piece to carry on the MIFF legacy of attracting young designers to the industry.

The winners will be announced on the third day of the show along with exhibitor awards for Best Presentation Award and Furniture Excellence Award. There will be a MIFF-MFID Designer Soiree that same evening.

Do check out our official E-Show News daily to be informed of the events happening as well as recaps of the previous day. We hope and trust that you will have a wonderful and fruitful time at MIFF 2024!

Dato' Dr Tan Chin Huat
*Founder & Chairman
 Malaysian International Furniture Fair (MIFF)*

A warm welcome to all exhibitors, attendees and guests for joining us in celebrating the remarkable 30th milestone of MIFF.

Your continued trust and support have been the driving force behind the success of the show.

In the next phase of our journey, MIFF will continue to strengthen its brand and business efficiency to remain the procurement hub of choice for furniture professionals from all over the world.

We believe the close partnerships that we have built are rooted in the value we deliver to customers to meet their business goals.

I am very happy to see the steady growth of attendance and the number of new buyers, which attests to the relevance of MIFF in meeting the changing demands of the market including the trend of young consumers.

I have no doubt that MIFF 2024 will produce a new level of experience and successful outcomes for everyone. It will be another productive and engaging week for business.

Have an enjoyable time at MIFF 2024 and in Kuala Lumpur.

Margaret Connolly
*President & CEO, Asia
 Informa Markets*

MIFF is such a vibrant market place and it has been exciting to watch the trade show go from strength to strength.

With its outstanding track record, MIFF is well-placed to deliver the next stage of its growth with an unwavering focus on bringing top value to all its customers.

The high international attendance and robust sales prove MIFF is the region's most effective and a driving force for the entire furniture business.

Informa Markets is proud of the achievements of MIFF, in particular, how it reignited the international furniture market after the Covid pandemic and emerged with its best performance in 2023.

As industry professionals prioritise in-person experience and opportunities to grow their business with a well-established B2B market place, MIFF will advance strongly by leveraging the global expertise and network of Informa Markets.

My best wishes to all exhibitors and attendees at MIFF 2024.

Steve Ong
*President
 Muar Furniture Association (MFA)*

Congratulations to MIFF on its 30th anniversary and the remarkable growth it has achieved in global furniture trade.

The strategic partnership between MFA and MIFF over the past decade, has unlocked immense new opportunities and boost the exports of Malaysian-made furniture all over the world.

As MIFF 2024 open its doors again, we look forward to many more years of continued synergy and mutual prosperity.

Our continued collaboration augurs well for the growth of a more dynamic and competitive Malaysian furniture industry in the years ahead.

I take this opportunity to invite all of you to visit Muar Hall at the Malaysia International Trade and Exhibition Centre (MITEC) which showcases the best of Muar innovative and quality products for all furniture types. It will be a privilege to serve you and your business.

Welcome to MIFF 2024!

Chief Judge of MIFF Furniture Design Competition 2024, Malaysia

Tul Lekutai
Deco Moda Studio, Thailand

Philip Yap
CDN-Worldwide Limited, China/Malaysia

Walter Tan
Elemental Republic, Malaysia

Shinichi Mitsuki
Mitsui Designtec Co Ltd, Japan

The MIFF FDC panel of judges going to discuss about the in-coming and out-going design trend for 2024 and also to discuss the swift of the furniture design market from Gen X to Gen Z at the same time to discuss the potential challenges in serving the Gen Z market. The panel of judges will discuss the above topic from different perspectives which from the point of view Architect, Furniture Designer, Interior Designer, Media House and University Professor.

Carbon Footprint in the Furniture Industry

11.45 am – 12.30 pm

Professor Dr Jegatheswaran Ratnasingam
Universiti Putra Malaysia, Malaysia

The subject of 'carbon footprint' is gaining importance throughout the world, and almost all sectors, both manufacturing, agriculture and services and coming under scrutiny. To what extent the activity undertaken contributes to climate change? Specifically, the amount of green-house-gaseous (GHG) emission is the primary question that must be answered. This presentation on evaluating the carbon footprint for the wood products and furniture sector, provides preliminary data on a limited study conducted on evaluating the carbon footprint for several types of wood products. It provides valuable information and insights that must be known not only to manufacturers, buyers, and also policymakers. It is the first such study on the wood products industry in the country, is part of a long-term research project by the team of researchers led by Professor Jegatheswaran, at the Faculty of Forestry & Environment, Universiti Putra Malaysia.

ASEAN & Global Market Expansion for Chinese Enterprises

2.00 pm – 2.45 pm

Philip Yap
CDN-Worldwide Limited, China/Malaysia

China's manufacturing prowess has evolved, resulting in the creation of high-quality products and the development of experiential shopping hubs. Within the home furnishing sector, an integration of diverse elements provides comprehensive solutions, with a keen eye on global market prospects. Chinese enterprises are venturing overseas, actively pursuing collaborations and streamlined business models, presenting an enticing opportunity to formulate a sustainable business strategy.

Furniture Testing for US Market: BIFMA Standard Requirements

3.00 pm – 3.45 pm

Siti Zaliha binti Ali
Forest Research Institute Malaysia, Malaysia

Malaysian furniture suppliers to the North American market no longer have to send samples overseas for testing as the service is available locally at FRIM. Through its Furniture Testing Laboratory (FTL), FRIM has become the first laboratory in Malaysia to obtain ISO/IEC 17025 accreditation from the Malaysian Standards Department through the standard test scope American National Standards Institute (ANSI)/ Business and Institutional Furniture Manufacturer's Association (BIFMA) X5.1, X5.4 and X6.1 on November 17, 2022.

Since Feb 1, 2023, FRIM is listed on the BIFMA website <https://www.bifma.org/> as a third-party testing laboratory for those standards.

With the current low exchange rate of the ringgit against the dollar, the cost of testing is very economical and local companies are eligible for double tax relief as stipulated in the Income Tax Act 1967 Section 34b. The United States is the largest market for Malaysian furniture with a share of 52% in 2022

3 MARCH 2024, SUNDAY

Canadian Perspectives in Interior Design

11.00 am – 11.45 am

Enrico Cleva (Moderator)

EFFECTIVE MOISTURE ABSORBER

MAGNESIUM CHLORIDE is used as a desiccant for specific applications where moisture control is essential. INPAT'S Magma desiccants are effective in a range of temperature and humidity conditions. They typically have a lower deliquescence point compared to other salts used as desiccants. This characteristic allows them to start absorbing moisture at lower relative humidity levels, making them effective in various humidity conditions.
